TITLES AND SUBJECTS

Acquired immune deficiency syndrome neuropathology (Gray *et al.*), 245
Activation of neck muscles from the human motor cortex (Gandevia and Applegate), 801
Acute pseudobulbar mutism due to discrete bilateral capsular infarction in the territory of the anterior choroidal artery (Helgason *et al.*), 507
Acute transcortical mixed aphasia: a carotid occlusion syndrome with pial and watershed infarcts (Bogousslavsky *et al.*), 631
Acyl-CoA dehydrogenase deficiency (Turnbull *et al.*), 815
Agnosia, acquired verbal auditory (Yaqub *et al.*), 457
Agnosia and prosopagnosia for noncanonical views (Landis *et al.*), 1287
AIDS neuropathology (Gray *et al.*), 245
Aiming task strategy in Parkinson's disease (Warabi *et al.*), 497
Alcoholic Korsakoff syndrome memory deficits compared with those of cholinergic 'blockade' (Kopelman and Corn), 1079
Alcoholic pellagra encephalopathy, clinical features (Serdaru *et al.*), 829
Alcoholic pellagra encephalopathy, pathology (Hauw *et al.*), 843
Allergic neuritis, experimental, role of macrophages and eicosanoids (Hartung *et al.*), 1039

Alzheimer dementia memory deficits compared with those of cholinergic 'blockade' (Kopelman and Corn), 1079
Alzheimer dementia and Parkinson's disease patients compared in visuospatial memory and learning (Sahakian *et al.*), 695
Alzheimer dementia, white matter changes (Englund *et al.*), 1425
Alzheimer's disease GABA concentration (Lowe *et al.*), 785
Alzheimer's disease, remote memory function in (Sagar *et al.*), 185
Amnesia, thalamic (Nichelli *et al.*), 1337
Aphasia, acute transcortical mixed (Bogousslavsky *et al.*), 631
Aphasia, progressive, with dementia (Poeck and Luzzatti), 151
Apraxia, ideational (De Renzi and Lucchelli), 1173
Ataxia, optic (Perenin and Vighetto), 643
Athetoid dysarthria (O'Dwyer and Neilson), 877
Attention control in Parkinson's disease (Brown and Marsden), 323
Autonomic disturbances in cluster headache (Drummond), 1199

Basal ganglia control of movement suggested by bradykinesia with chorea in Huntington's disease (Thompson *et al.*), 223
Behaviour deficits in MPTP-treated monkeys (Schneider *et al.*), 1265
Biceps brachii muscle, nerve analysis in adult-onset chronic proximal spinal muscular atrophy (Rosales *et al.*), 859
Body shape and orientation, proprioceptive influences on (Lackner), 281
Bradykinesia with chorea in Huntington's disease (Thompson *et al.*), 223
Brainstem auditory evoked potentials in multiple sclerosis (Poel *et al.*), 1453
Broca's aphasia, implications for, in patients with impaired grammar but normal fluency and phonology (Nadeau), 1111

Cerebellar disease, finger force control in (Mai *et al.*), 973
Cerebral metabolism of glucose and oxygen measured with positron tomography in patients with mitochondrial diseases (Frackowiak *et al.*), 1009
Cervical myelopathy due to ossification of the posterior longitudinal ligament: a clinical, radiological and evoked potential study in six Chinese patients (Yu *et al.*), 769
Changes in presynaptic inhibition in Ia fibres in man while standing (Katz *et al.*), 417
Changes in strategy of aiming tasks in Parkinson's disease (Warabi *et al.*), 497
Characterization of experimental gliosis by quantitative nuclear magnetic resonance imaging (Barnes *et al.*), 83
Cholinergic 'blockade' as a model for cholinergic depletion: a comparison of the memory deficits with those of Alzheimer-type dementia and alcoholic Korsakoff syndrome (Kopelman and Corn), 1079
Chorea and myoclonus in the monkey induced by gamma-aminobutyric acid antagonism in the lentiform complex: the site of drug action and a hypothesis for the neural mechanisms of chorea (Crossman *et al.*), 1211
Chorea and bradykinesia in Huntington's disease (Thompson *et al.*), 223
Chromatolysis in alcoholic encephalopathies: pellagra-like changes in 22 cases (Hauw *et al.*), 843
Clinical and morphometric analysis of biopsied biceps brachii muscles in adult-onset chronic proximal spinal muscular atrophy with special reference to intramuscular nerves (Rosales *et al.*), 859
Clinical concepts of Duchenne muscular dystrophy: the impact of molecular genetics (Rowland), 479
Clinical spectrum of alcoholic pellagra encephalopathy: a retrospective analysis of 22 cases studied pathologically (Serdaru *et al.*), 829
Cluster headache autonomic disturbances (Drummond), 1199
Coexistence of bradykinesia and chorea in Huntington's disease and its implications for theories of basal ganglia control of movement (Thompson *et al.*), 223
Comparative study of visuospatial memory and learning in Alzheimer-type dementia and Parkinson's disease (Sahakian *et al.*), 695
Conduction failure in the Guillain-Barré syndrome (van der Meché *et al.*), 405
Control of isometric finger force in patients with cerebellar disease (Mai *et al.*), 973
Cryoglobulinaemic neuropathy: a clinical, morphological and immunocytochemical study of 8 cases (Nemni *et al.*), 541
Cutaneous sensatory referral (Schott), 1187
Cysticercosis, disseminated (Wadia *et al.*), 597

Deficits in operant behaviour in monkeys treated with N-methyl-4-phenyl-1,2,3,6-tetrahydropyridine (MPTP) (Schneider *et al.*), 1265
Dementia with progressive aphasia (Poeck and Luzzatti), 151
Demyelination in CNS, antiserum-mediated experimental (Kaji *et al.*), 675
Depressive disorders following posterior circulation as compared with middle cerebral artery infarcts (Starkstein *et al.*), 375
Disseminated cysticercosis: new observations, including CT scan findings and experience with treatment by praziquantel (Wadia *et al.*), 597
Distant referral of cutaneous sensation (Mitempfindung): observations on its normal and pathological occurrence (Schott), 1187
Doxorubicin-induced Schwann cell degeneration (England *et al.*), 901
Doxorubicin motor neuronopathy (England *et al.*), 915
Duchene muscular dystrophy (Rowland), 479
Dysarthria, athetoid (O'Dwyer and Neilson), 877

Eicosanoids and macrophages in experimental allergic neuritis (Hartung *et al.*), 1039

Encephalitis caused by a bat-borne rabies-related virus (Roine *et al.*), 1505
Epidemiology of multiple sclerosis in three Australian cities: Perth, Newcastle and Hobart (Hammond *et al.*), 1
Epilepsy and Wilson's disease (Dening *et al.*), 1139
Event-related potentials in split-brain patients (Kutas *et al.*), 553
Evidence for unmyelinated sensory fibres in the posterior columns in man (Briner *et al.*), 999
Eye-head coordination in Parkinson's disease (White *et al.*), 115

F waves affected by postural changes (Tang *et al.*), 207
Familial myopathy with changes resembling inclusion body myositis with periventricular leukoencephalopathy: a new syndrome (Cole *et al.*), 1025
Fatal encephalitis caused by a bat-borne rabies-related virus: clinical findings (Roine *et al.*), 1505
Finger force control in patients with cerebellar disease (Mai *et al.*), 973
'Frontal' cognitive function in patients with Parkinson's disease 'on' and 'off' levodopa (Gotham *et al.*), 299

GABA in Alzheimer's disease (Lowe *et al.*), 785
Gadolinium enhanced MRI in multiple sclerosis (Miller *et al.*), 927
Gamma-aminobutyric acid concentration in brain tissue at two stages of Alzheimer's disease (Lowe *et al.*), 785
Gliosis, experimental, characterized by quantitative NMR imaging (Barnes *et al.*), 83
Glucose and oxygen metabolism measured in mitochondrial disease (Frackowiak *et al.*), 1009
Grammar impairment with normal fluency and phonology: implications for Broca's aphasia (Nadeau), 1111
Guillain-Barré syndrome, conduction failure patterns (van der Meché *et al.*), 405

Headache, cluster, autonomic disturbances in (Drummond), 1199
Head injury followed by changes in intellectual function (Grafman *et al.*), 169
Human saccadic eye movements in the absence of the geniculocalcarine projection (Barbur *et al.*), 63
Huntington's disease language function in (Podoll *et al.*), 1475

Ia fibres, presynaptic inhibition changes in (Katz *et al.*), 417
Ideational apraxia (De Renzi and Lucchelli), 1173
Impaired grammar with normal fluency and phonology: implications for Broca's aphasia (Nadeau), 1111
Inclusion body myositis-like changes in familial myopathy (Cole *et al.*), 1025
Intellectual function following penetrating head injury in Vietnam veterans (Grafman *et al.*), 169
Internal versus external cues and the control of attention in Parkinson's disease (Brown and Marsden), 323
Internuclear ophthalmoplegia (Ranalli and Sharpe), 1299
Investigation into perceptual completion in blind areas of the visual field (Sergent), 347

Kinematic analysis of multiple movement coordination during speech in stutterers (Caruso *et al.*), 439
Korsakoff syndrome memory deficits compared with those of cholinergic 'blockade' (Kopelman and Corn), 1079
Kufs' disease: a critical reappraisal (Berkovic *et al.*), 27

Lambert-Eaton myasthenic syndrome: a review of 50 cases (O'Neill *et al.*), 577
Language functions in Huntington's disease (Podoll *et al.*), 1475
Lethal retrograde axoplasmic transport of doxorubicin (Adriamycin) to motor neurons: a toxic motor neuronopathy (England *et al.*), 915
Leucoencephalopathy, periventricular, with inclusion body myositis in familial myopathy (Cole *et al.*), 1025
Lipid storage myopathy associated with low acyl-CoA dehydrogenase activities (Turnbull *et al.*), 815
Lipomatosis, multiple symmetric (Madelung's disease) (Pollock *et al.*), 1157
Localization of the lesion in patients with acute ophthalmoplegia, ataxia and areflexia (Miller Fisher syndrome): a serial multimodal neurophysiological study (Jamal and Ballantyne), 95

Macrophages and eicosanoids in experimental allergic neuritis (Hartung *et al.*), 1039
Madelung's disease (Pollock *et al.*), 1157
Magnetic resonance imaging in gliosis (Barnes *et al.*), 83
Magnetic resonance imaging in multiple sclerosis (Poel *et al.*), 1453
Magnetic resonance imaging in multiple sclerosis, enhancement with gadolinium (Miller *et al.*), 927
Memory and learning, verbal, in unilateral posterior cerebral infarction (von Cramon *et al.*), 1061
Memory deficits in Parkinson's disease (Sagar *et al.*), 525
Memory deficits of cholinergic 'blockade' (Kopelman and Corn), 1079
Memory function, remote, in Alzheimer's and Parkinson's diseases (Sagar *et al.*), 185
Memory, naming and reading related to neuronal activity in human lateral temporal cortex (Ojemann *et al.*), 1383
Memory preservation in thalamic amnesia (Nichelli *et al.*), 1337
Metabolism of glucose and oxygen in mitochondrial disease patients (Frackowiak *et al.*), 1009
Miller Fisher syndrome, localization of lesion (Jamal and Ballantyne), 95
Mitempfindung (Schott), 1187
Mitochondrial disease, cerebral metabolism of glucose and oxygen measured by PET (Frackowiak *et al.*), 1009

Model of radiation myelopathy in the rat: pathology, regional capillary permeability changes and treatment with dexamethasone (Delattre *et al.*), 1319
Monoamine oxidases of the human brain and liver (Kalaria *et al.*), 1441
Motor cortex and sternomastoid (Gandevia and Applegate), 801
Movement-related cortical potentials from scalp and cortex in man (Neshige *et al.*), 719
MPTP treatment in monkeys resulting in operant behaviour deficits (Schneider *et al.*), 1265
Multiple sclerosis, epidemiology, in 3 Australian cities (Hammond *et al.*), 1
Multiple sclerosis, serial magnetic resonance imaging enhanced with gadolinium (Miller *et al.*), 927
Multiple sclerosis: sound lateralization, brainstem auditory evoked potentials and magnetic resonance imaging (Poel *et al.*), 1453
Multiple symmetric lipomatosis neuropathy (Pollock *et al.*), 1157
Muscle afferent projection (Gandevia and Burke), 389
Muscular dystrophy, Duchenne (Rowland), 479
Mutism, capsular pseudobulbar (Helgason *et al.*), 507
Myasthenic syndrome, Lambert-Eaton (O'Neill *et al.*), 577
Myelopathy, cervical, due to ossification of the posterior longitudinal ligament (Yu *et al.*), 769
Myelopathy, radiation, in the rat (Delattre *et al.*), 1319
Myoclonus and chorea induced in monkey by GABA antagonism in the lentiform complex (Crossman *et al.*), 1211
Myoclonus in a patient with spinal cord transection: possible involvement of the spinal stepping generator (Bussel *et al.*), 1235
Myopathy, familial, with inclusion body myositis-like changes (Cole *et al.*), 1025

Neck muscle activation from human motor cortex (Gandevia and Applegate), 801
Neck muscle vibration modifies the representation of visual motion and direction in man (Biguer *et al.*), 1405
Neglect, unilateral, vibrotactile reaction times in (Pierson-Savage *et al.*), 1531
Neoplasms of the primary nervous system, worldwide incidence (Bahemuka), 737
Neostriatal dysfunction and procedural learning in man (Saint-Cyr *et al.*), 941
Neurofibromatosis, von Recklinghausen (Huson *et al.*), 1355
Neuronal activity in human lateral temporal cortex related to short-term memory, naming and reading (Ojemann *et al.*), 1383
Neuropathology of the acquired immune deficiency syndrome (AIDS): a review (Gray *et al.*), 245
Neuropathy in multiple symmetric lipomatosis: Madelung's disease (Pollock *et al.*), 1157

Ocular motor deficits in Parkinson's disease. III. Coordination of eye and head movements (White *et al.*), 115
Ophthalmoplegia, ataxia and areflexia (Miller Fisher syndrome), localization of lesion (Jamal and Ballantyne), 95
Ophthalmoplegia, internuclear (Ranalli and Sharpe), 1299
Optic ataxia: a specific disruption in visuomotor mechanisms. I. Different aspects of the deficit in reaching for objects (Perenin and Vighetto), 643
Orienting of visual attention in progressive supranuclear palsy (Rafal *et al.*), 267
Ossification of the posterior longitudinal ligament causing cervical myelopathy (Yu *et al.*), 769
Oxygen and glucose metabolism measured by PET in mitochondrial disease (Frackowiak *et al.*), 1009

P300 activity following unilateral temporal lobectomy (Johnson), 1517
Parkinson's disease and Alzheimer dementia patients compared in visuospatial memory and learning (Sahakian *et al.*), 695
Parkinson's disease, attention control in (Brown and Marsden), 323
Parkinson's disease, deficits in eye and head movement coordination (White *et al.*), 115
Parkinson's disease memory deficits (Sagar *et al.*), 525
Parkinson's disease patients' frontal cognitive function (Gotham *et al.*), 299
Parkinson's disease, remote memory function in (Sagar *et al.*), 185
Parkinson's disease, strategy of aiming tasks in (Warabi *et al.*), 497
Pattern electroretinogram and VEP abnormalities in a parkinsonian monkey model (Ghilardi *et al.*), 131
Patterns of conduction failure in the Guillain-Barré syndrome (van der Meché *et al.*), 405
Pellagra, alcoholic, clinical features (Serdaru *et al.*), 829
Pellagra, alcoholic, pathology (Hauw *et al.*), 843
Perceptual completion in visual field blind areas (Sergent), 347
Perceptual representation of body shape and orientation (Lackner), 281
Physiological consequences of antiserum-mediated experimental demyelination in CNS (Kaji *et al.*), 675
Posterior cerebral infarction, unilateral, verbal learning and memory in (von Cramon *et al.*), 1061
Posterior column unmyelinated sensory fibres (Briner *et al.*), 999
Postural effects on F wave parameters in lumbosacral root compression and canal stenosis (Tang *et al.*), 207
Preserved memory abilities in thalamic amnesia (Nichelli *et al.*), 1337
Presynaptic inhibition of Ia fibres (Katz *et al.*), 417
Procedural learning and neostriatal dysfunction in man (Saint-Cyr *et al.*), 941
Processing of semantic anomaly by right and left hemispheres of commissurotomy patients: evidence from event-related brain potentials (Kutas *et al.*), 553
Progressive supranuclear palsy, orienting of visual attention in (Rafal *et al.*), 267
Progressive supranuclear palsy (Steele-Richardson-Olszewski syndrome) (Leenders *et al.*), 615

Projection to the cerebral cortex from proximal and distal muscles in the human upper limb (Gandevia and Burke), 389
Prosopagnosia and agnosia for noncanonical views: an autopsied case (Landis *et al.*), 1287
Pseudobulbar mutism, acute, due to infarction (Helgason *et al.*), 507
Pure word deafness (acquired verbal auditory agnosia) in an Arabic-speaking patient (Yaqub *et al.*), 457

Rabies-related virus causing fatal encephalitis (Roine *et al.*), 1505
Radiation myelopathy in the rat (Delattre *et al.*), 1319
Recording of movement-related potentials from scalp and cortex in man (Neshige *et al.*), 719
Referral of cutaneous sensation (Schott), 1187
Remote memory function in Alzheimer's disease and Parkinson's disease (Sagar *et al.*), 185
Role of macrophages and eicosanoids in the pathogenesis of experimental allergic neuritis: serial clinical, electrophysiological, biochemical and morphological observations (Hartung *et al.*), 1039

Saccadic eye movements (Barbur *et al.*), 63
Scalp-recorded P300 activity in patients following unilateral temporal lobectomy (Johnson), 1517
Schwann cell degeneration induced by doxorubicin (Adriamycin) (England *et al.*), 901
Semantic anomaly processing by split-brain patients (Kutas *et al.*), 553
Sensory fibres, unmyelinated, in human posterior columns (Briner *et al.*), 999
Serial gadolinium enhanced magnetic resonance imaging in multiple sclerosis (Miller *et al.*), 927
Slowly progressive aphasia in three patients: the problem of accompanying neuropsychological deficit (Poeck and Luzzatti), 151
Some proprioceptive influences on the perceptual representation of body shape and orientation (Lackner), 281
Sound lateralization, brainstem auditory evoked potentials and magnetic resonance imaging in multiple sclerosis (Poel *et al.*), 1453
Spatial frequency-dependent abnormalities of the pattern electroretinogram and visual evoked potentials in a parkinsonian monkey model (Ghilardi *et al.*), 131
Speech kinematics in stutterers (Caruso *et al.*), 439
Spinal cord transection and myoclonus (Bussel *et al.*), 1235
Spinal muscular atrophy, adult-onset (Rosales *et al.*), 859
Steele-Richardson-Olszewski syndrome: brain energy metabolism, blood flow and fluorodopa uptake measured by positron emission tomography (Leenders *et al.*), 615
Stroke followed by depression (Starkstein *et al.*), 375
Stutterers' speech kinematics (Caruso *et al.*), 439

Temporal ordering and short-term memory deficits in Parkinson's disease (Sagar *et al.*), 525
Thalamic amnesia (Nichelli *et al.*), 1337
Transcortical mixed aphasia, acute (Bogousslavsky *et al.*), 631

Verbal auditory agnosia, acquired (Yaqub *et al.*), 457
Verbal memory and learning in unilateral posterior cerebral infarction: a report on 30 cases (von Cramon *et al.*), 1061
Vertical vestibulo-ocular reflex, smooth pursuit and eye-head tracking dysfunction in internuclear ophthalmoplegia (Ranalli and Sharpe), 1299
Vibrotactile reaction times in unilateral neglect: the effects of hand location, rehabilitation and eyes open/closed (Pierson-Savage *et al.*), 1531
Visual attention orienting in progressive supranuclear palsy (Rafal *et al.*), 267
Visual evoked potential and pattern electroretinogram abnormalities in a parkinsonian monkey model (Ghilardi *et al.*), 131
Visual motion and direction representation modified by neck muscle vibration (Biguer *et al.*), 1405
Visual perceptual completion (Sergent), 347
Visuospatial memory and learning compared in Alzheimer dementia and Parkinson's disease (Sahakian *et al.*), 695
Voluntary muscle control in normal and athetoid dysarthric speakers (O'Dwyer and Neilson), 877
Von Recklinghausen neurofibromatosis: a clinical and population study in south-east Wales (Huson *et al.*), 1355

White matter changes in dementia of Alzheimer's type: biochemical and neuropathological correlates (Englund *et al.*), 1425
Wilson's disease and epilepsy (Dening *et al.*), 1139
Worldwide incidence of primary nervous systems neoplasms: geographic, racial and sex differences, 1960–1977 (Bahemuka), 737
